

WEB ACCESSIBILITY STATEMENT

George Westinghouse High School is committed to ensuring accessibility of its website for all students, parents, and any other member of the community including those members with disabilities.

We will always make every effort to conform to the **W3C WAI's Web Content Accessibility Guidelines (WCAG) 2.2** conformance standard, or updated equivalents of these guidelines.

We are committed to complying with the provisions of **Section 504** and **Section 508** of the **Rehabilitation Act of 1973** so that students, parents, and members of the public with disabilities are able to independently acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as those without disabilities, with substantially equivalent ease of use.

Our compliance with the aforementioned provisions will assure that the members with disabilities are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any programs, services, and activities delivered on the George Westinghouse HS website.

George Westinghouse High School strives to conform to Web Content Accessibility Guidelines (WCAG) 2.2 conformance standards, or updated equivalents, on an ongoing basis. This applies to all new web content produced, published, uploaded or updated by us.

We will continue to test the site to make sure that all content on the site is accessible to all visitors and continue to work to improve the accessibility standards of our website.

Any nonconforming web pages will be corrected and made compliant in a timely manner. If you would like additional assistance or have accessibility concerns, please contact us at webdev@westinghousehs.org.
